Response to Amendment

The reply filed on 1/16/2007 is not fully responsive to the prior Office Action because of the following omission(s) or matter(s): The Applicant does not discuss the prior art cited and how the amended claims overcome that art. See 37 CFR 1.111. Since the above-mentioned reply appears to be bona fide, applicant is given ONE (1) MONTH or THIRTY (30) DAYS from the mailing date of this notice, whichever is longer, within which to supply the omission or correction in order to avoid abandonment. EXTENSIONS OF THIS TIME PERIOD MAY BE GRANTED UNDER 37 CFR 1.136(a).

As indicated in the Applicant's Interview Summary, the Applicant believes that the amended claims overcome the Nero reference. However, the Applicant should still submit an argument under the heading "Remarks" pointing out disagreements with the examiner's contentions. Applicant must also discuss the references applied against the claims, explaining how the claims avoid the references or distinguish from them. A general allegation that the claims define a patentable invention without specifically pointing out how the language of the claims patentably distinguishes them from the references does not comply with the requirements of this section.

Applicant's reply appears to be general allegations not describing how the claims overcome the references cited. Furthermore, the Applicant has not addressed any other reference other than the Nero reference.
